

SAVE THE DATE

III. INTERNATIONAL
CONFERENCE
ON DEEP BRAIN
STIMULATION

November 20 – 21, 2020
Lindner Congress Hotel am Seestern
Düsseldorf – Germany

Scientific Program ■ Main Topics

- Advances in directional stimulation
- Imaging and neurophysiology in DBS
- Adaptive neuromodulation – closing the loop
- Current concepts for registries in DBS
- MRgFUS – lesional strategies revisited
- Emerging indications

Speakers include

- Hagai Bergman, MD, Jerusalem (ISR)
- Marwan Hariz, MD, Umea (SWE)
- Andrea Kühn, MD, Berlin (GER)
- Andres Lozano, MD, Toronto (CAN)
- Philip Starr, MD, San Francisco (USA)
- Jens Volkmann, MD, Würzburg (GER)

SCIENTIFIC COMMITTEE

Chairmen

Alfons Schnitzler, MD, Movement Disorders and Neuromodulation

Jan Vesper, MD, Functional Neurosurgery and Stereotaxy

Departments of Neurology and Neurosurgery

University Hospital Düsseldorf, Germany

Conference Secretaries

Stefan Jun Groiss, MD, Movement Disorders and Neuromodulation

Philipp Slotty, MD, Functional Neurosurgery and Stereotaxy

Departments of Neurology and Neurosurgery

University Hospital Düsseldorf, Germany

ORGANIZER

bsh medical communications GmbH

Liebfrauenstraße 7, 40591 Düsseldorf, Germany

Phone: +49 211 7705 89 – 0, Fax – 29
